Sub-Committees 2008/9

As well as the main Club Committee there are a number of sub-committees involved in running the club. They have a core membership but bring in extra people to help out as the need arises. These committees, as well as individuals who take on specific tasks (like Rom Preston - ladder or Pat Walsh - maintenance), do an awful lot of extra work that mightn't always be seen but is vital to the club. If you have any questions or issues or offers of help feel free to talk to the Committee or Sub-Committee members.
